

CAMDEN POINT FEMALE ACADEMY.

CAMDEN POINT FEMALE ACADEMY is situated in Platte County, Mo., seven miles from Platte City, ten from Weston and fourteen from Leavenworth, K. T., in the midst of one of the most beautiful, healthy and fertile sections of the Platte Country, surrounded by beautiful and well improved farms, presenting as fine a landscape as can be found in the Mississippi Valley.

Its location is peculiarly fortunate and favorable for the establishment of a permanent and distinguished retreat for learning, sufficiently near the river and other thoroughfares to be easily reached, and equally remote to shield it from the effects of contagion and epidemics.

The Academy building is large and elegant, and well adapted to the necessities of a first class Boarding School. Its dimensions are 100 by 110 feet, capable of accommodating 125 boarders, well protected against fire, and substantial in all its subdivisions and furnished with all the appliances necessary for instruction or comfort.

The Dining Hall and Class Rooms all being under the same roof, the Young Ladies are never exposed to the inclemency of the seasons; but in clear fine weather they are required at stated periods each day to exercise in the open air, thereby promoting health and increasing mental vigor. For this purpose a considerable extent of pleasure ground is attached to the building; and occupying a high elevation it affords a most delightful view over vast and luxuriant prairies, yielding their treasures to the arts of husbandry and feasting the eye with the variegated tints of farm and forest.

REMARKS OF TRUSTEES.

The Trustees of the Camden Point Female Academy would offer their warmest congratulations to the Patrons and Friends upon the success and prosperity of the Institution during the present term.

The distinguished principal has abundantly sustained the high reputation he had previously acquired, and has succeeded in inspiring in the community generally, with still greater confidence in his entire qualification to fill so responsible a trust as has been committed to him.

His powers as a disciplinarian are certainly unsurpassed, if equaled, by any in the Union; his stability, great moral worth, piety, freedom from sectarian bias, his superior literary attainments, his happy method of inspiring a thirst for knowledge and the great facility with which he imparts it, all conspire to render him most admirably suited to the honorable yet trying station he occupies. We would cheerfully recommend the Institution to all who may have daughters or wards to be educated, as it possesses so many advantages over similar institutions: a fine healthy country location where no excitement or improper influences are calculated to withdraw the attention from the attainment of knowledge.

With full assurance of its success while in such able hands, we have committed the Academy and all its interest to the Principal to manage and regulate as he may deem most advisable.

REMARKS OF THE PRINCIPAL.

The Patrons and Friends of Camden Point Female Academy will accept my grateful acknowledgments for the continuance of their very liberal patronage, and the numerous manifestations of kindness and confidence which I have had the honor to receive at their hands.

My station as principal of the Institution is a laborious and responsible one; and I feel that the charge is the most interesting and sacred character, imposing upon me many duties, for the faithful discharge of which I am responsible to them, to society and to my God.

With the blessing of Heaven, I hope still to merit their confidence and approval.

The past term has been exceedingly prosperous; we have had a larger number of regular Boarding Pupils than in any previous session.

The vacation during the present summer will be rather longer than heretofore.

The principal has much outstanding business to settle up, requiring his personal attention which could not be properly dispatched during the ordinary vacation; added to this, large Boarding Schools should not commence their exercises till the warm unhealthy weather, usually from the 1st to the 20th of September, is past.

TERMS.

For Board and Tuition: Session 5 Months, in advance, \$75 00.
Music on the Piano or Guitar, with use of Instrument, 20 00.
Lessons in English, Latin, French and Spanish, 10 00.
Drawing and Painting, each, 5 00.
Painting on Velvet, Tissue Flowers, each, 10 00.
Lessons in Vocal Music, 10 00.

A thorough course will be observed in every department, and practical experiments and appropriate lectures on Chemistry, Natural Philosophy and Astronomy will be given throughout the term.

All pupils charged from date of entering School to the close of the term, and no deductions made, except in cases of protracted personal illness.

All Books and Stationery furnished at the Academy, at fair prices.

Each young lady should deposit with the Principal a small sum of money, to purchase such other articles as may be necessary, as no pupil will be permitted to make accounts in the Store.

UNIFORM—DRESS, &c.
Winter Bonnets to be made of Green Delaine, some goods of that color, to be lined with very colored Silk or worsted.

Winter dresses, either Green or Maroon, made perfectly plain.

Studs will be permitted to wear any clothing they may have on hand at the time of entering school, and parents are earnestly requested in outfitting their daughters for school, to avoid all expensive, showy clothing, jewelry, &c., as the object is to secure plainness and neatness.

It is desirable that parents should have all clothing made up at home; but where this is impracticable the Principal will furnish them at as small cost as possible.

What is considered a desirable item in a boarding school and it is hoped that parents will remember it in selecting clothing. All articles requiring washing should be plainly marked, otherwise they are liable to be lost or misplaced. Parents need not fear the slightest concern about the clothing not being properly dry before it is distributed to the young ladies. Special attention is paid to this. Every garment is carefully examined before distribution, and if the least damp is sent back to the laundry. Pupils should have good substantial shoes.

The Discipline of the Institution will be strict and firm, but always kind and parental. Young Ladies are here taught to act from principle in the regular discharge of school duties, and in their daily associations to cultivate the kindest and most affectionate disposition of mind towards each other, thereby avoiding all discord and angry disputing among them. It is highly gratifying to witness the perfect harmony which prevails. Great pains will be taken to improve and preserve the health of the young ladies; and while cultivating their minds, we shall be careful not to neglect the proper training of the heart. Special attention will be given to the formation of the habits of the pupils, as also to secure ease and graceful address.

The Scriptures will be read daily, morning and evening, and a portion of every Sunday devoted to the investigation of the great moral lessons taught therein. Parents need have no fear, however, that the religious opinions of their daughters will be disturbed, as moral points will never be introduced or discussed.

The rapid advancement of the young ladies in the department of music, affords abundant evidence that we have been exceedingly fortunate in our selection of Teachers. Pupils can here have every advantage of skillful instructors and fine instruments. Ample time is al-

ways allotted for practice.
Dismissing given to all pupils who pass through the regular course of study.
For additional information, address the Principal, Camden Point Female Academy, Platte County, Mo.
N. B.—Persons desirous of becoming patrons of the Academy during the next term, had best make immediate application, as many are already registered for the next session.
H. B. TODD, PRINCIPAL.

THOS. H. DOYLE, & CO.,

Dr. E. W. Brown, Oculist,

RESPECTFULLY tenders his professional services to the citizens of Leavenworth, Mo., and the Territory.

Having carried on an Eye Infirmary for several years past in Platte City, Mo., and having treated a large number of patients with almost every variety of diseased Eyes, he feels himself that he will be able to give satisfaction to all who may desire his services. His infirmary buildings are large and fitted up so that patients are not only well accommodated but under his immediate care. The cost of being cured at his establishment is comparatively small, and when traveling and other expenses are added, he will be able to give satisfaction to all who may desire his services. Persons having children laboring under long continued scrofulous disease of the Eyes are most positively assured that he can get them cured at his infirmary. Dr. Brown would, also, most respectfully invite the attention of the medical profession throughout the country to his establishment, and if cases of diseased Eyes should spring up in their practice that can only be treated successfully at an eye infirmary he would be most pleased to have them recommended or sent to him. If any of the friends of the infirmary call on Capt. Easton, or W. H. Adams, at the Herald office.

Great Bargains in LEAVENWORTH!

QUICK SALES, SMALL PROFITS. GOLDSMITH & KLINGSTEIN, (Late of Weston, Missouri.)

HAVE just opened on Water street, between Cherokee and Delaware streets, in Leavenworth City, K. T., a large and well assorted stock of Dry Goods & Groceries, and

READY MADE CLOTHING,

Shoes and Boots, Hats and caps, and all kinds of general merchandise, including a variety of articles too numerous to enumerate, purchased expressly for the Kansas trade. Quick sales and small profits being our motto, we are determined to prove our faith by works.

Having done business in Weston for several years, and being well known to this community, we deem it needless to boast of what we will do, in giving GREAT BARGAINS, but invite Ladies, Gentlemen, Farmers, Mechanics, Country Merchants, laborers, Teamsters, Emigrants, and all to give us a call, for we have something just suited to every variety of description of the above named persons, and are determined to make it to the interest of every one to come and examine

OUR STOCK,

feeling assured that the quality and prices of goods when known, will commend themselves to a liberal and generous public.

Having selected our goods with great care, and bought them very cheap, for CASH, shipped when the River was HIGH UP, and freight LOW DOWN, we are therefore prepared to sell as low as any merchant west of the Alleghany mountains, and for CASH ONLY. Come and look to satisfy yourselves, as it is no trouble to show goods.

All kinds of country produce will be taken in exchange for goods, or cash paid at the highest market prices. On hand a large assortment of liquors, cheap for cash.

GOLDSMITH & KLINGSTEIN.

N. B. Goldsmith & Klingstein will continue the same business at their old stand on Main street, 2d door above Noble's Saddler's shop in Weston, Mo.

Leavenworth City, K. T., June 29th, 1855. If

All goods warranted as recommended at the St. Louis Store, on Main Street, next door below Roundy's Furniture Store.

N. B. On hand and for sale, a superb assortment of fine Cigars, and chewing Tobacco.

Leavenworth City, K. T., August 18th, 1855.

100,000 COPIES! STEAMBOAT DISASTERS ON THE WESTERN RIVERS, AND STEAMBOAT DIRECTORY.

THE undersigned have now in course of preparation a new Steamboat Directory, which will be issued in October. The book will contain over two hundred pages, illustrated in the best style, and neatly bound in a durable manner. It will be one of the most interesting books ever published, and will be a book that will be interesting to all classes of people. The Steamboat Directory will contain a list of all the Steamboats now plying on the Western and Southern waters, and a description of all the Steamboats now afloat in the Western and Southern waters. The length, model, speed, power and tonnage, of each boat, where and by whom built; the name of the boat, with the name of the owner. The book will also contain a list of all those who have perished by their burning, sinking and exploding, on the Western and Southern waters. The book will also contain a list of all the Steamboats now plying on the Western and Southern waters, and a description of all the Steamboats now afloat in the Western and Southern waters. The length, model, speed, power and tonnage, of each boat, where and by whom built; the name of the boat, with the name of the owner. The book will also contain a list of all those who have perished by their burning, sinking and exploding, on the Western and Southern waters. The book will also contain a list of all the Steamboats now plying on the Western and Southern waters, and a description of all the Steamboats now afloat in the Western and Southern waters. The length, model, speed, power and tonnage, of each boat, where and by whom built; the name of the boat, with the name of the owner. The book will also contain a list of all those who have perished by their burning, sinking and exploding, on the Western and Southern waters. The book will also contain a list of all the Steamboats now plying on the Western and Southern waters, and a description of all the Steamboats now afloat in the Western and Southern waters. The length, model, speed, power and tonnage, of each boat, where and by whom built; the name of the boat, with the name of the owner. The book will also contain a list of all those who have perished by their burning, sinking and exploding, on the Western and Southern waters. The book will also contain a list of all the Steamboats now plying on the Western and Southern waters, and a description of all the Steamboats now afloat in the Western and Southern waters. The length, model, speed, power and tonnage, of each boat, where and by whom built; the name of the boat, with the name of the owner.
